Messrs Chapman Bros
Gentlemen -

I received a
few lines from you -
But in referring to
the coin rate books
you stated prices were
75cts & 1.25 - But in
neither case did you
mention the size of either
of the books -

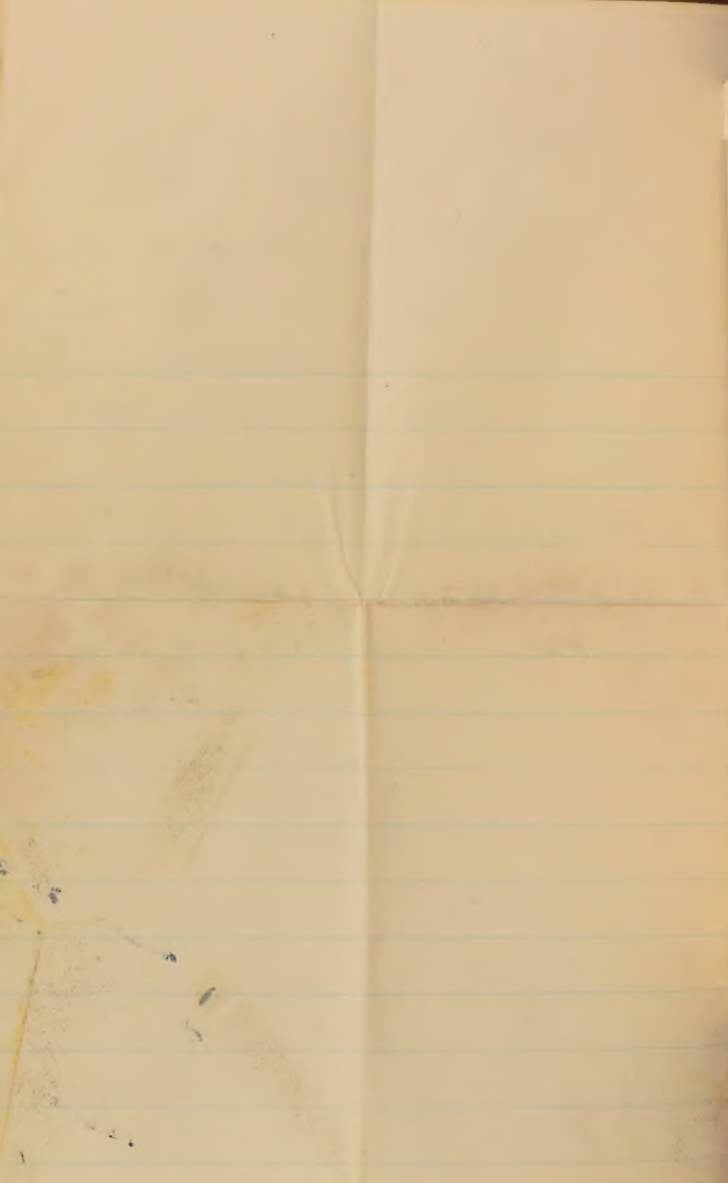

Let me hear how many
pages - for 75cts kind
and how many pages

for 1.25 size - Give me
some idea how long
& how wide the books
are - I suppose of
course 1.25 - is a
larger book than
the one for 75 -
I beg an early reply
how many pages in
each book -

Very Respectfully
David Riker

Does either book give
prices of Roman
Coins - or other
foreign coin -
and Bible coins -

I already have nearly
all the good coin
guides to be had —
Have always had an
interest in rare
coins — So they to
know particulars as
to your book and
what they contain
I send addressed
stamped-envelope
